Flower Essences.

To extract the essence from any flower place a layer of the flowers in a clean earthen pot and over them a layer of fine salt. Repeat the process until the pot is filled, cover closely and place in the cellar. Forty days afterward strain the essence from the whole through a crape by pressure. Put the essence thus expressed in a clear bottle and expose for six weeks in the rays of the sun and evening dew to purify. One drop of this essence will communicate its odor to a pint of water.

The Wrong Place.

"Porter, do you intend pasting a lot of those labels on my trunk?" said the young man.

"Yes, sir," answered the porter.

"Well, just give them to me, and I'll put them on myself."

"Oh, I wouldn't do that, sir. You'll look like a tattooed man if you do."—Yonkers Statesman.

The Doctor Answered.

Wagstaff—Good morning, doctor. Are you enjoying good health this morning? Doctor—Well—er—that's about the only kind of health a man can enjoy, isn't it? You never knew any one to enjoy bad health, did you? Wagstaff—Oh, yes; I've known some doctors to enjoy bad health.

A BRONZE FLOWER.

Prettiest Morning Glory That Ever Bloomed In a Tomato Can.

While I devoured my sandwiches, finger marks and all, with a mighty appetite at noontime of my first day at work with the iron molders Mike reached over into a neighboring yard and plucked a crisp climbing morning glory. Holding the delicate blossom up for my inspection, he said, "Young feller, kin you make me one just like that in bronze?" I was quite sure I could not. "But," said he, "you needn't think it can't be done. First you get an old can, punch a hole through the bottom of it with a nail and stick the stem of the flower through the hole, leaving the blossom inside. See?" I saw. "Next you fill the can with water and drop into the water bit by bit nice fine sand. Mind you, go slow. After a long time the water will leak out, leaving the blossom buried in the sand, but still in good shape. Now you'll dry the whole thing in the core oven and bake it. That will burn the blossom to ashes. Then if you have the patience to shake it and shake it till all the ashes drop out through the stem you'll be ready to pour in your metal, and if you do as I tell you and make no mistake and try about six times you'll have in the end the prettiest morning glory that ever bloomed in a tomato can."—Scribner's.

Posthumous Editions.

"Did you ever see anything to equal the way some of these live young authors turn out books?"

"Well, they can't compete with some of the dead ones who keep on getting out new volumes every year."—New Orleans Picayune.

When trouble goes hunting him a man may dodge it, but when a man goes hunting trouble it hasn't one chance in a thousand of escaping him.

The Weathercock.

The effigy of the cock so often seen on church steeples is usually connected with a legend in connection with St. Peter. As a matter of fact, however, the figure of a cock used to be placed on the tops of sacred trees long before it was used on buildings. The movement of the bird in the breeze was supposed by the superstitious to ward off evil spirits. On a number of modern churches the familiar vane is missing, but in days gone by a church was hardly ever built without the weathercock on its steeple.—London Standard.

Divorce Laws In Sweden.

The divorce laws of Sweden are elastic. When the incompatibility of temper reaches the culminating point one of the parties proceeds to Copenhagen, the nearest foreign town, which is only twelve hours distant, and remains there for fourteen days, notifying the Swedish consulate, which circumstances are regarded as legal evidence of desertion and sufficient ground for divorce.

His Line.

"So Speeder has turned out to be a confidence man. Does he sell gold bricks?"

"No. He's an architect and plans those $2,500 houses that cost $6,850 when they're finished."—Cleveland Leader.

If one could remember when asked for advice that his friend wants only confirmation of his own judgment it would save much heartache.—Toledo Blade.

OIL FOR THE BODY

You can't lose an atom without feeling it. The body is like an engine, a watch, a machine; must be kept in good order to run right.

That's the reason Scott's Emulsion is so successful in all wasting diseases. It feeds, nourishes and strengthens when ordinary food won't.

Doctors say Scott's Emulsion is the best nourishment for those who are not as well as they should be.

We use the whole oil in Scott's Emulsion because the great reputation of cod liver oil as a food and medicine was made by using it in this way. Substitutes in the shape of wines, cordials, extracts, etc., should be carefully avoided.

We'll send you a sample free upon request.

MERRY CHRISTMAS!

We wish you a Merry Christmas! For ever so many years we have been extending this same wish at this same season, but this year we hope that the Christmas will be merrier than ever before. We have reason to think that it will be. Never before has there been reason for greater rejoicing than this year. Everything seems to have conspired to make Christmas, 1904, a happy one for the people of the United States in general, and California in particular, and if there has been one part of California more favored than any other it is the Santa Clara Valley. Here we have everything to be thankful for. The past season has been prosperous, there have been no calamities in our midst, sickness and death have been very infrequent visitors, and everyone who has wished to work has had a place. The Indian summer is still with us, and indeed we should be a happy people.

The old prophet once said, "Happy is that nation whose God is the Lord." Tomorrow, we, a happy people, celebrate the birthday of "Christ the Lord." This celebration itself brings us joy and happiness. Tomorrow is the day we give to others, and giving brings joy and gladness. Out of a full heart and with thankfulness for a prosperous year, we wish you a Merry Christmas.

CHRISTMAS FESTIVITIES.

Exercises In Various Schools and Churches.

The children of the Redwood City Kindergarten enjoyed their Christmas exercises Thursday afternoon at the Kindergarten room. A Christmas tree, prettily decorated, had been provided and the arrival of Santa Claus filled the little tots to overflowing with joy. Good things were in evidence for all of the Kindergartners, who enjoyed themselves to the fullest extent. A short program was rendered by the children. Too much credit cannot be given to Miss Rockwood for the successful way in which she has conducted the Kindergarten during the past year.

The regular Christmas exercises were held at the Congregational Church last night. A short program was given, in which the scholars took the major part. The arrival of Santa Claus was the occasion of much joy in the hearts of the little people and in some of the larger ones, too. A large tree, very prettily decorated, and entirely covered with good things and presents, occupied the place of honor. Every member of the Sunday school was remembered in the distribution of gifts.

The Grammar and High Schools closed yesterday for their regular Christmas vacation of two weeks.

Captain Nemo visited the High School yesterday afternoon and showered his favors with as great profusion as in past years. The captain is a very welcome gentleman at Sequoia, and his arrival each year is anxiously awaited.

A Halfmoon Bay Couple Married.

The Clerk of San Francisco county issued a marriage license Tuesday to Jose Gonzales and Miss Mary Ventura, both of Halfmoon Bay.

Government Seeds Free.

The Times-Gazette has been favored by Senator Perkins with a large supply of Government vegetable seeds. They are intended for free distribution, and packages may be had at any time by calling at the Times-Gazette office.

Do Not Neglect Your Eyes.

Dr. J. May, the Palo Alto optician, who regularly visits out of town every two weeks, will be here on Wednesday, January 4th, from 1 to 5 p. m., at Dr. Maine's office. He cordially invites all who have trouble with their eyes to call. No charge for examination.

Farmers' Institute.

A Farmers' Institute under the auspices of the State University will be held in Redwood City next Saturday, Dec. 31. The speakers will be Edward Berwick and L. F. Fowler, and the subjects to be discussed are "The Experience of a California Horticulturalist and What Our Postoffice Might Do For Our Farmers," and "Food Values and Cooking Household Sanitation."

Gone Forever.

Tuesday last Otto Ausman, a former well-known resident and businessman of San Mateo, died at his home in Boulder Creek. The cause of death was dropsy, from which ailment he had been a suffer for a number of years. In accordance with his wish his remains were cremated at Cypress Lawn last Thursday. Mr. Ausman was well-known throughout the county, and several years ago was the Democratic candidate for Auditor.

MRS. BELLE W. CONRAD ILL.

Prominent Member of the Native Daughters of the Golden West.

Mrs. Belle W. Conrad, past grand president of the Native Daughters of the Golden West, is lying very ill in a private hospital on Post street, San Francisco, and but faint hopes are entertained for her recovery. Four weeks ago she returned from a trip to St. Louis and New York, being then in her usual health. Soon afterwards a sudden cold developed into a serious affection of the tonsils, which necessitated an operation, since which her condition has been such as to alarm her family and friends. Hope was revived yesterday, as her condition had improved.

Mrs. Conrad is one of the best known Native Daughters in the State, having been not only grand president of the order, but a member of the committee in charge on California day at the St. Louis Exposition, and of the reception committee upon both occasions when the President of the United States visited San Francisco. She was a former resident of this place and is the only daughter of the late James Eddy a Redwood City pioneer.

George W. Kneass, the well-known San Francisco boatbuilder, has bought a tract of about fifty acres between Deep Water and Cork Screw creeks and will at once commence work on an extensive boat-building plant that he proposes to establish there. He says that he expects to be able to get and keep a superior class of workmen, where they can have their own little country homes and be free from the influence of labor unions and labor troubles, which are getting so serious in the big cities, and particularly in San Francisco.

Laid At Rest in Union Cemetery.

All that was mortal of Peter Olsen, the unfortunate fireman employed at the Glenwood Nursery at Burlingame, who was shot and instantly killed by Jeffrey Edmund Breen, in the early hours of last Saturday morning, was tenderly laid away in Union Cemetery in this city yesterday. The funeral took place from the undertaking parlors of Coroner James Crowe at 10 o'clock. Philip C. Meyer, one of the members of the firm owning the nursery, and Thos. Wm. Breen, the superintendent, who is a brother of the man who fired the fatal shot that caused Mr. Olsen's death, were present at the funeral. Rev. Chas. C. Kirtlank, pastor of the Congregational church, conducted the services in an impressive and feeling manner that caused those who stood beside the open grave to realize how uncertain is the extent of man's life here on earth.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

Mrs. Phebe Hearst Presents Claim for Work Done in Reclamation District No. 754.

The Board of Supervisors met in regular session Monday, there being present Chairman Coleman, Supervisors McCracken and Eikerenkotter.

F. Anderson of South San Francisco petitioned the Board for permission to change his place of business from that place to a point on the San Bruno road between the Six Mile House and San Francisco. Eikerenkotter explained to the Board that Anderson had disposed of his saloon to another party and he supposed was conducting the place with the license of the former owner.

The matter was referred to the Tax Collector who reported that the license was still in Anderson's name. After some discussion the petition was referred back to the Tax Collector to make further investigations.

The following communication from the Board of Fire Commissioners of San Francisco was read and on motion of Eikerenkotter seconded by McCracken same was referred to Assemblyman-elect R. H. Jury:

To the Hon. Board of Supervisors, San Mateo, County Cal.

The valuable and constantly increasing shipping interests and water front property of San Francisco and other cities and towns bordering on the waters of the Bay of San Francisco, and the entire lack of adequate protection to the same against loss by fire, has long since become a matter for most serious consideration, and one that calls for concerted action on the part of the authorities of these cities and towns, with a view to a speedy betterment of this condition.

With this in view, the Board of Fire Commissioners of the City and County of San Francisco have taken the initiative in this matter, and propose applying to the State Legislature for assistance, by the introduction of a bill providing for the construction by the State of a fire boat, to be utilized in the protection of the shiping interests of the said bay cities and towns.

A light draught, high power, steel boat, of great speed and large pumping capacity should be constructed. Provided with a fire boat of this design, fully equipped and manned, and ever ready to respond to the call of any of our neighboring bay towns in case of fire, better protection against loss thereby would thus be accorded their water front property.

We therefore respectfully request and urge your valuable co-operation and assistance in the furtherance of this highly important and essential project, as it is certainly one in which the entire community of our State, as well as your locality in particular should be deeply interested and concerned, and sincerely trust that, in view of the great benefit to the water front property that this protection will afford you you will give your earnest endorsement and aid thereto. Very respectfully,

BOARD OF FIRE COMMISSION
Board of Fire Commissioners,
By J. S. PARRY, Committee.

San Francisco, December 14, 1904.

Owing the illness of Attorney H W. Brown all matters pertaining to the cemeteries in the north end were further continued for one month.

F. M. Granger in a communication to the Board stated that he had in his possession the sum of $120 received from Mr. Heaggerty who conducted a saloon at Colma and whose license had expired. He wanted an order made whereby he could pay the money into the County Treasury. The request was granted, the Chairman making the order.

In reference to the matter of the license of E. Micheli the District Attorney reported that Constable Cronk and Deputy Sheriff Butts visited his place of business on the San Bruno road last Sunday and found the resort to be conducted in an orderly manner. He recommended that a permit for a license be granted.

Mr. Bullock had a statement to make regarding the dispute between Supervisor McEvoy and Clark & Henery concerning a quantity of rock alleged to belong to the Third roar district, but as Mr. McEvoy was not present he would report at the next meeting.

The request of the people of Belmont for safety gates at the railroad crossings in that town was reported upon by District Attorney Bullock. He said he had taken the matter up with the Railroad Company and they would send an answer shortly. The company also promised to give a reply soon to the board's request for some provision whereby the numerous parties injured by the trains in this county can be cared for. At the present time these unfortunates are wards of the county.

A map of block G. H. and I. of San Bruno Park was presented and filed and the streets delineated therein were accepted and declared public highways. The following resolution was adopted on motion of Eikerenkotter seconded by McCracken:

WHEREAS, Geo. A. Hensley, Alfred T. Green and R. Masson Smith, propritors of a certain tract of land in the County of San Mateo, State of California, situate in what is known as and called San Bruno Park, in the First Road District of said County, have caused a portion of the same to be surveyed, laid out and subdivided into lots and blocks, for the purposes of sale, and have caused to be made an accurate map or plat thereof, particularly setting forth and describing all the parcels of ground within such subdivision reserved for public purposes, by their boundaries, courses and extent, and also all lots intended for sale by numbers, and their precise length, width and dimensions, said map being designated as "Map of blocks G, H and I, First Addition to San Bruno Park, San Mateo County, Cal.," and on which said map said Blocks G, H and I, are included within a red line, and said subdivision having been made on the 13th day of December, 1904; and

WHEREAS, said George A. Hensley, Alfred T. Green and R. Masson Smith, did on the 13th day of December, 1904, duly acknowledge the said map before Eugene W. Levy, a notary public in and for the City and County of San Francisco, State of California, and said notary public did on said day duly affix thereto his certificate of such acknowledgment in due form of law; and

WHEREAS, the aforesaid map or plat, and that portion thereof designated as Blocks G, H and I, and enclosed within a red line on said map, is now presented to this Board for acceptance;

NOW THEREFORE, be it resolved, That Hensley avenue, Green avenue, Easton avenue and Angus avenue, as delineated on said map, be and the same is hereby accepted on behalf of the public, by the Board of Supervisors of the County of San Mateo, as dedicated to public use, in accordance with the law in such cases made and provided, and the Clerk of this Board is directed to endorse acceptance on said Map as follows, to-wit:—

"Hensley avenue, Green avenue, Easton avenue and Angus avenue, as shown and delineated on this map, and included within a red boundary line, is hereby accepted by the Board of Supervisors of the County of San Mateo, on behalf of the public, as dedicated to public use, in accordance with and subject to the terms of a resolution of said Board, adopted this 19th day of December, 1904"; and

RESOLVED, That this resolution is adopted and said map accepted upon and subject to the express condition that the County of San Mateo does not hereby become responsible or liable for any expense, cost or charge as to any such avenues, streets or highways, or any part thereof, whether for grading, macadamizing, or for any other road purpose, this condition and the incurring of any expense, cost or charge being left to the discretion of future Boards of Supervisors, nor shall said Board of Supervisors, or any member thereof, or said County of San Mateo, be liable in damages in any sum or amount arising by or through any defect of any kind in said avenues, roads or highways.

Afternoon Session.

The Board met at 1:30 o'clock pursuant to adjournment during the morning session. Debenedetti who was absent in the morning responded to roll call.

A. T. Sherman, poundmaster of the First Township, qualified by filing a new bond with D. O. Daggett and F. Minor as sureties who qualified in the sum of $500 each. H. G. Plymire, a former bondsman, retired from the bond. The new bond was approved on motion of McCracken seconded by Eikerenkotter.

Certain changes in the Court House plans agreed upon by the Board were formally approved. By the change the Sheriff's office will be on the second floor instead of the first and the Clerk's, Auditor's and Treasurer's offices will be located in the first instead of the second as first intended. The changes will entail no extra cost.

Recorder J. F. Johnston was on motion seconded by McCracken authorized to have several volumes of records bound. Mr. Johnston exhibited them to the Board and they showed that they were badly in need of repairs. He was allowed extra clerical assistance to compare the old records.

Attorney O. C. Wilson on behalf of Mrs. Phebe Hearst, owner of Reclamation District No. 754, presented a claim for $3889.27 for work done in the district. The money was supposed to be in the county treasury credited to the Reclamation District. The demand was made in the following communication when on motion of Debenedetti seconded by McCracken was referred to the District Attorney and Auditor to report at the next meeting:

To the Honorable Board of Supervisors of the County of San Mateo, Cal., Gentlemen:—It appears from a statement issued by the Surveyor General of the State of California under date of October 13, 1903, that there has been paid in to the credit of the Pheobe A. Hearst Reclamation District No. 754 the sum of $3889.27 and that said sum should be in the hands of the Treasurer of San Mateo county to the credit of said Reclamation District.

It appears, however, that the above named sum of money, to-wit, $3889.27 is not now in the hands of the treasurer and has not at any time been in the hands of the present Treasurer. This money was paid in accordance to law a number of years ago, and it evidently has at some time in the past been diverted to some other fund and used by the county. A number of warrants are now out against this district which cannot be paid for lack of funds, and it becomes the duty of this board to make some arrangement regarding the matter. I would therefore respectfully ask that your honorable body take steps at once to have this fund reimbursed out of some other funds of the county, so that these outstanding warrants may be paid.

No further business appearing the Board adjourned to Tuesday, January 3.

A man doesn't need much money if he has a reputation for being wealthy.

REAL ESTATE MEN BANQUET

Representatives of Building and Loan Associations Meet

And Elect Officers For the Next Two Years—Speech Made By George W. Lovie.

The biennial meeting of the State League of Mutual Building and Loan Associations of the State convened in San Francisco on Tuesday last. It was well attended and after discussing matters to be presented to the next Legislature, elected the same officers to serve for the ensuing two years, among whom was the Secretary of our local, the San Mateo County Building and Loan Association, to the office of Vice President.

The convention ended with a banquet at Delmonico's, at which many toasts were responded to in five-minute talks. Mr. Geo. W. Lovie, our local Secretary, spoke to the toast of "The Rural Mutual," his remarks being as follows:

Mr. Toastmaster and Gentlemen: I presume that it is meet that I should respond to this toast for the reason that it is the only subject pertaining to Building and Loan matters with which I am conversant, and it has been said that every man should be good for something.

The l manager of the rura Mutual Building and Loan is very differently situated than the manger of a metropolitan association. The latter being in touch with the managers of similar institutions, can confer with them on any matter that may be new to him or of special import and a mutual benefit is derived, while the rural manager must plod along solving the problems for himself as they arise. Since our friend Clark suspended the publication of his valuable paper there has been no medium of communication between the urban and rural association, a state of affairs to be deplored. For several years past we have not even had the opportunity to read and digest the reports from each association as presented to the Governor nor by the State Board of Commissioners.

These reports used to give us a certain insight into the methods of other associations, and in my humble opinion an effort should be made, even if at the expense of the associations themselves, to again have a full report from every association in the State printed and distributed as formerly.

It has been asserted on the street that the "Big Four" have been influential in the suppressing of the detailed reports because of the fact that these reports would not be flattering to their management or methods, and if such should be the case, we certainly owe it to ourselves, to our patrons and our neighbors that the fullest information be disseminated to the end that comparisons may be drawn and due credit given to those associations entitled thereto, no matter how odious that comparison may be to others.

The necessity for comparison becomes more urgent as time passes with us and we have no other method or data at hand with which to combat the ever present, smooth-tongued agent of the get-rich-quick concerns that multiply so rapidly during prosperous times, or the one dollar per share entrance fee association.

In our community we find that in spite of the fact that our local association has been more than usually successful and returns a large percentage of profits to the shareholders, still the agent of the National gathers in his dupes by praising us and asserting that if we can do so well in a small field the Greater Association working in a greater field can and will pay greater profits.

That these greater profits seldom reach the pockets of the rural purchasers of their shares is evidenced by the fact that in no case to our knowledge has an investor in our vicinity, in a national concern, been able to even draw down the amount that has been paid in as dues, and I have been cognizant of many withdrawals from these associations within the last few years.

Mr. Toastmaster, we are proud of the fact that we represent a rural association with assets of $230,000—with not one dollar's worth of real estate upon the books, and with a very small delinquent list, one that has matured its ninth series and in April next will mature its tenth, and that has been returning to its shareholders all that they ever paid in together with 8¼ per cent interest compounded annually, and one that will return to the investor all dues paid in, even if he should withdraw the next day after taking the stock, we are proud of our association and the good it has accomplished in the community.

We are also proud of the State League and would be pleased to have it convene more often, believing that in mutual counsel there is mutual benefit, certainly in unity there is strength, and we need the combined strength of all the Mutuals to properly protect the interests of each and to educate the people to a realization of the difference between the sevral classes of associations and to their own interest.

Gentlemen, I thank you.

Word was received this week of the death of Mrs. Gordon-Stallard at Belfast, Ireland, on September 22, after a lingering illness. Mrs. Stallard left here a year ago to visit her girlhood home in the hope that the sea voyage would improve her health. Mrs. Stallard was the only daughter of Professor Alexander Gordon, M. D., a native of Saintfield, who was appointed a professor of surgery, Queen's College, Belfast, in 1849, resigned in 1886, and died the following year. He was one of the most intellectual and original men ever produced in the providence of Uister and who was generally spoken of as "Ireland's greatest surgeon". Mrs. Stallard inherited and displayed great originality of mind, and was known to a very wide circle of friends as embodying many rare beauties of character. As a girl she won well-deserved popularity in Belfast. As her father's secretary and amanuensis in the last years of his professional life and as one competent to deal with the technic of the profession, she came before the Belfast public. About ten years ago she married Dr. J. H. Stallard and resided here until a year ago. She was a personal friend of Mrs. Phebe Hearst. Deceased left a comfortable estate which was given in trust to a friend to be distributed in accordance with the terms of a will she executed before leaving here.

RAVENSWOOD SCHOOL ENTERTAINMENT.

On Tuesday evening last there was a most enjoyable Christmas entertainment at the Ravenswood school house. The affair was planned and carried to a successful issue by Mrs. J. P. Gillespie, but the entire district took an active interest in it. The principal features were a beautiful Christmas tree, an especially funny set of lantern slides, thrown on the screen by Mr. J. P. Gillespie, prefaced by a talk on the spirit of giving at this season by Mrs. Frona Wait Colburn, of San Francisco, who came down to assist and visit the Gillespie family. Of course, there was a Santa Claus, and every child present received a glittering bag of candies, a pretty horn and an orange and apple.

When the little folks had been made happy, Santa Claus called up the school directors, "Mosie Kavanaugh and Sammy Nash," and presented each one with an exact duplicate of the children's gifts to the delight of everybody. While the fun was at its height Mr. Gillespie came forward with the two old brooms provided to keep the school house clean. The crowd was quick to note the red ribbon decorations on the two worn out stubs and there was a shout and much hilarity in which the directors joined heartily.

In the presentation speech Mr. Gillespie called attention to the unsanitary condition of the well, and urged the necessity for immediate action in the matter. Far and near the presence of typhoid fever in this section is attributed to the water used and it is unthinkable that the parents of this district will sit idly by and allow the health of the school children to suffer for the need of pure drinking water. Miss Nellie V. Casey, the capable and painstaking teacher, declared that neither herself nor pupils could drink the water at all. It is certainly not a good thing to have the children go all day without a drink and it is hoped that some action will be taken at once to remedy such a serious defect.

No one number on the programme was more enjoyed than the singing of the pupils, under Miss Casey's leadership. They sang a Christmas hymn at the beginning and a pretty carol at the close. The older ones were regaled with excellent coffee, cakes, and candies and Miss Casey was given a jeweled belt set of oxydized silver, and a wide crush white satin belt. The school house was tastefully decorated with red berries and redwood, and after everybody had been abundantly supplied with good things, Mrs. Gillespie announced that she had quite a tidy little sum left out of the contributions by the district which she had purposed placing in the hands of the directors to be used for future entertainments for Ravenswood School.

Among those present were the following: Mr. and Mrs. Carnduff, Mrs. Frisbie, Jos. Selmas, Mr. and Mrs. Samuel Nash, Mr. and Mrs. Nunes, Mr. and Mrs. Gillespie, Mr. and Mrs. Jos. Alvis, Mr. and Mrs. Cardoza, Mr. and Mrs. Kavanaugh, Mr. and Mrs. Rogers, Mrs. F. H. Calburn, Mrs. Stevens, Mrs. O'Keefe, Miss F. Casey, Ira Merrill, P. McCarthy, M. McCarthy, Mr. and Mrs. McKendry, Mr. and Mrs. C. Cooley, Mrs. F. Cooley, Miss A. Bracesco, Mr. and Mrs. Angus, Mr. Suverkrup. Mr. Kelly, Mrs. Claude Weaver, Miss Addie Porter, Miss M. Alvis, Miss K. McKendry, Miss M. McKendry.

WOODSIDE CHIPS.

WOODSIDE, December 23—Fred C. Bogle and Miss Addie Haskins of San Francisco were united in marriage at the home of the bride December 17th by the Rev. Dr. William Rader in the presence of a large company of friends. The groom is the son of Mrs. R. Bogle whose home is in Woodside. He is a first-class ship-builder and a very generous and estimable young man whose appreciation was well shown by his fellow-workmen who presented him and his bride with a beautiful silver service, and many other beautiful and useful gifts from friends. After a bounteous supper and amid toasts and congratulations the young couple left for the south and on their return will reside in San Francisco where the groom has fitted up a nice home for his bride.

A large crowd of people from far and wide attended L. R. Crovello's opening and barbecue at Portola on Sunday. Five bull's heads and 250 pounds of choice barbecued meat were served to the multitude. Genial Harry Morey and Frank P. Roach of Menlo Park were in the throng. Chippito was there with the glad mit (that's the dope) and royally entertained his guests. Frank Roussell was in evidence and Bert Curran was there with his appetite. Tom Butler, Jack McGreavy, Jim Ingram, Ed Sutton and William Ratkye, from Stanford enjoyed the feast. McGreavy was there with skirt dances, while Jim Ingram gave a stunt on one of his monologue specialties. Chippito's cake walk with Tom Butler for a partner created much amusement. James Bruce danced a highland fling in a happy style and received the plaudits of all. The day was enjoyed by everyone and Chippito was complimented for his hospitality and all wished him success at the old stand.

Mrs. L. M. Tuttle has returned from Fruitvale, where she has been on a visit with her sister, Mrs. Harry Rhodes.

Greersburg school closed to-day for the winter vacation, with appropriate exercises.

Bert Shine is home from St. Mary's to spend the holidays with his folks.

Woodside has a new department store in the tonsorial parlors of Joe Bettencourt known as the Gem. A fine display of Christmas goods is on hand. Prices are below cost.

Miss Helena Hansen is home for her winter vacation, her school at Bellvale having closed last week.

Father Battesti of St. Patrick's Seminary will minister to the spiritual needs of the people of Portola and vicinity this Christmas. The Reverend Father will be in attendance at Portola church Saturday from 3 to 5 o'clock and from 7 to 8 p. m., also at 7:30 Sunday morning. Mass will be celebrated on Christmas Day at 8, 9 and 10 o'clock. Fr. Battesti will preach in Italian.

Election Contest Postponed.

The contested election case of Antone Joseph against Joseph Debenedetti came up Wednesday and the matter was continued until Tuesday, December 27. It was the understanding among the attorneys in the case that the matter would go on at that time without fail. The contestant permitted contestee to file an unverified answer with the understanding that all preliminary proof should be waived and that the ballots be counted without further delay. On Tuesday morning next the recount will begin as stipulated. The attorneys in the case are Judge Dibble and son and Jas. O'Keefe for contestant and J. J. Barret and Geo. C. Ross for contestee. Both sides have subpœned a large number of witnesses and all next week may be taken up with introducing testimony.

W. H. Kinne was down from Willets Tuesday. He is erecting a home at Ocean View to which place he will move shortly. Later on he may take up his residence in this city.

To-morrow never comes, but the day after to-day arrives on schedule time.

When a Man Tells You That a Bad Case of Piles Can Only Be Cured by a

cutting operation, he may mean well but he is mistaken. In this era of advanced science it is A SHAME TO CUT ANY CASE OF PILES. Our method—the new way—of curing piles robs the old surgical way—still urged—of all its terrors and brings about results more effective because it is more radical and permanent. It obviates the tortures and distressing after-effects of surgery and is without failure, pain, danger or hindrance to daily pursuits. The treatment can only be applied by a competent physician, occupying but a few minutes' time. We have cured nearly 7000 men and women with method. Many of these cases were of 20 to 40 years standing, names of whom will be sent for quiet investigation. Also, without surgery cure Fistulas, Fissures, ulceration, etc. For particulars address THOS.
